## Expertise that Powers Efficiency and Growth

### Optimize your Dell, VMware, and Microsoft infrastructure for seamless performance and scalability.

Redesign helps you reduce downtime, maximize efficiency, and empower your teams to focus on strategic priorities—not routine tasks.

### Unlock Your Competitive Edge.

Don't risk interruptions, security breaches, poor system performance, and an overburdened team. We help you:

#### Minimize Risk

Prevent disruptions and ensure system compatibility.

#### Save Time

Reduce the IT burden of managing servers, storage, and virtual environments.

#### Boost Performance

Configure and maintain reliable, optimized systems that supports business growth.

### Our Solutions

Redesign provides end-to-end Lifecycle Management Services for Dell, VMware, and Microsoft infrastructures, including:

#### Proactive Maintenance

- Regular firmware and hardware updates for peak performance.

#### Certified Expertise

- 100's of installations annually, led by Dell, VMware, and Microsoft-certified engineers.

#### Scalable Support

- Infrastructure aligned with your evolving business needs.

#### Predictable Engagements

- Transparent, scheduled LCM reviews every six months.

#### End-of-Life Transition

- Seamless transitions for end-of-life hardware and software.

### Why Redesign?

Our mission is to disrupt the Technology Solutions Provider market by setting a new standard in customer and manufacturer experience.

We leverage the power of curiosity, combined with emerging technology and subject matter expertise, to deliver award-winning solutions and services with precision and ease.
